

Rockford Metropolitan Agency For Planning

September 3, 2010

Mr. Curtis Jones
Illinois Department of Transportation
IDOT Office of Planning and Programming
2300 South Dirksen Parkway
Springfield, IL 62794

Dear Curtis,

I was recently contacted by Dan Long from IDOT – District 2 regarding projects in the IDOT Multi-Year Program (MYP). IDOT is shifting access ARRA funding to projects in the region to meet the funding dedication deadline to avoid retraction of the money. As such, the following project will now receive money from an additional federal funding source:

Table with 9 columns: Agency, Project#, Project, From - To, Improvement, Total Cost, Federal Revenue, Other Revenue, FY2010-2013 Cost. It lists a project on IL 251/N 2nd @ Springcreek Rd with a total cost of \$5,535, funded by BRRP and ARRA-IDOT.

This request is being made so that this project in the FY2010 TIP will reflect the change in funding amount distributed among the funding sources.

RMAP has made the determination that this request does not constitute a significant change and therefore is eligible to be changed in accordance with the Administrative Modification process. RMAP has made this determination because this project has already been programmed using a federal funding source and will not affect the total funding amount or expand the scope of the project.

If you have any questions or comments please reach me by phone (815) 967-7067 or email michael.maddox@rockfordil.gov.

Sincerely,

Handwritten signature of Michael Maddox in blue ink.
